Please complete this form to request a sample cleaning of your tooling and parts and include the form with the shipment to us. Please ship to the address above, "Attention: Sample cleaning".

We strive to turnaround sample cleanings in 3 to 5 business days upon receipt. Please send no more than 3 parts and keep the sizes to 6" diameter and 12" in length or under. The maximum weight of any one part for sample cleaning is 25 pounds.

We'll produce a video and take pictures of your tooling going into the Fluidized Temperature Bath and coming out. The cleaning results video report link will be emailed to your within a day or two of completion.
